Affascinante semplicità Linee essenziali ma accattivanti per questa poltroncina che infonde, già allo sguardo, un senso di leggerezza e comodità. La disponibilità di diverse basi in metallo e in legno, crea un piacevole contrasto con la morbidezza della seduta in poliuretano schiumato e rende possibili diversi utilizzi: dalla zona living agli spazi collettivi.

Simply charming Essential yet captivating lines for this chair that exudes a sense of lightness and comfort. The choice of different metal and wooden bases creates a pleasing contrast with the soft seat in polyurethane foam, and makes it adaptable to a range of different uses, from the living room to collective spaces.
